Perfil Profesional

IT support technician with over 6 years of experience in technological infrastructure, user assistance, and enterprise systems management. Currently transitioning into software development, with hands-on experience in open source projects, hackathons, and blockchain technologies such as Starknet and Ethereum. I excel at problem-solving, initiative, and adaptability to new tech challenges. I'm seeking to join a development team where I can apply my skills, tackle complex issues, and continue growing as a tech professional.

Professional Experience

San José Indoor Club SA

IT Assistant | Aug. 2023 – Present

- Administration of IT infrastructure (networks, cabling, peripherals).
- User support using ticketing system (Whagons).
- Implementation of enterprise systems (ICG Software, HioPos, Matchpoint App).
- Reduced incidents and improved response times through preventive maintenance.
- Coordination with administrative and sports teams for tech solutions.

OnlyDust.com
